

# Design a Bug, Weta or Morepork (Ruru) 'Hotel'

Design and create a 'Hotel' for either Wetas, bugs or Moreporks (ruru) to help encourage the increase of these species in our Glenbrook ecosystem.

P.T.O.

### Criteria:

- ☐ Design must reflect the natural habitat of the insect, weta or bird.
- ☐ Design must incorporate natural or recycled materials.
- ☐ Design must show originality and creativity.
- ☐ Design must be able to be securely attached to a tree or building.

### Poster:

- ☐ Poster must contain factual information about the insect, weta or ruru the hotel is for.
- ☐ Poster must explain why it is important we create a safe haven for these species.
- ☐ Poster must explain how your 'hotel' caters for the needs of the insect, weta or ruru. Special consideration needs to be made to ensure that entrances are suitable for your insect, weta or ruru.
- ☐ Poster must show your journey of "making and creating" your hotel.

\*We ask that all entries are then donated to the Glenbrook Environmental Club to increase these species in our school eco-system.
